JAYCEE STATE FUNCTION SET HERE IN OCTOBER

Last month at the Jaycee State Board of Directors Meeting in Greenwood, Miss., the Bay St. Louis Jaycees bid for and received the Outstanding Young Farmer Convention and Banquet to be held here in October. This will bring to Bay St. Louis over 100 outstanding young farmers, their families and friends. This will be the first time any thing such as this convention has been held in the Bay.

This will give us a chance to show off our community to people from all over the state.

One of the reasons Bay St. Louis was awarded this was the reputation that our club had at this meeting and of course at previous ones. Proof of this was made public when we were awarded the He-Man Award. This award is given to the club with the most number of delegates coming from the furthest distance. The more delegates a club has at a convention or meeting the more voting power it possesses.

JAYCEE REGULAR MONTHLY MEETING HELD THURSDAY

The regular monthly meeting of the Hancock Association for Retarded Children was held Thursday, February 28, 1963, in The Children's Center. Mr. Joseph Schaffner of Jitney Jungle, presented a donation of \$21 from his employment to be used to start a fund to purchase playground equipment for the Center. An additional donation in the amount of \$25.70 was received from the 5th and 6th grade students of Hancock North Central School, bringing the total amount of their contribution to \$46.70. President Warren Carver so acknowledged a gift of \$50 from the Lakeshore Garden Club. President Carver also stated that the Jaycees wish to give an Easter Egg hunt for the retarded children of Hancock County. The time and place of the hunt will be selected by the Jaycees. It was voted to send Mrs. Irma Her, director of the Children's Center, to Jackson, Miss., to attend the Mississippi Conference on Handicapped Children. Plans for an "Open House" or tea were discussed. The date will be selected at the next meeting.

Mrs. Baker reported on the individual progress made by children attending the Center. Russell Elliott stated that the American Legion is ready and willing to undertake some project at the HANC. The nature of the project will be discussed at the next meeting.

President Carver said that let's been sent to the colored religious leaders of the county requesting a meeting for the purpose of establishing a unit of the SCLC for them.

**BIGGEST CLEAN-UP
FOR PILGRIMAGE**
Mrs. Ruth Luderbach, Spring, Miss., is reminding local residents of the Pilgrimage March 21. She is urging everyone to pick up their own trash and asked business owners to take down out-dated signs and other eye sores for the day.

Mail boxes on St. Charles St. are being painted and ivy planted on the sides of them, she is asking people to take locations to try to do the same.

An airman from Keesler Air Force Base, Biloxi, was injured about 11:15 a. m. Saturday on U. S. Highway 90 near Pearlinton. Deputy Sheriff Gerard Freeman reported A/2c Adolf H. Blauhut sustained a fractured collar bone and two broken ribs when he evidently lost control of his bicycle and darted in front of a trailer-truck at the time of the accident. Freeman also reported an accident on U. S. Highway 90 approximately two miles beyond the Lakeshore Road, February 24 involving two cars.

Deputy Freeman reported a 1955 Pontiac, operated by Allen Schulken of Metairie, was struck by a 1962 Volkswagen driven by Mary Ann Byrd of Biloxi, about 7:30 p. m.

Miss Byrd, Freeman said, fell asleep at the wheel. She was charged with reckless driving in Beat 5 Justice of the Peace Nelius Rhodes court.

Damage to the Schulken's car was estimated by Freeman at \$450 and to the Volkswagen at \$1,000.

Deputy Sheriff Gerard Freeman reported personal injuries and property damage were sustained in a traffic accident at 6 p. m. February 20, on U. S. Highway 90, two miles beyond the Lakeshore Road.

Freeman reported a 1952 Chevrolet operated by Allen A. Albritton overturned three times.

Mrs. Stella Albritton suffered leg injuries and lacerations of the face and Albritton sustained a back injury, three fractured ribs and lacerations of the head. They were brought to Hancock General Hospital for treatment and later transferred to the U. S. Public Health Hospital in New Orleans. Albritton was apparently driving at a high rate of speed, Freeman added, as the car went 350 feet off the road before overturning. The vehicle was a total loss, he said.

Freeman said Albritton was booked with driving while under the influence of intoxicating beverages and he faces a hearing before Beat 5 Justice of the Peace Nelius Rhodes.

City Police officer Lathan Garriga reported property damages and minor personal injuries were sustained in a traffic accident Saturday evening at 6:20 o'clock. The incident which occurred on U. S. Highway 90 and Dunbar Avenue, involved a 1955 Chevrolet operated by Paul Fennell of Biloxi, and a 1955 Chevrolet driven by Robert Sanford of New Orleans.

Garriga said Fennell, who was parked at the light on Highway 90 and Dunbar, was struck by Sanford who was towing a 1963 Dodge. It was necessary to call the Fire Department to wash the gas from the highway, spilled as a result of the accident, Garriga added.

Sanford was brought to Hancock General Hospital for treatment of bruises and released. Damage were estimated by the investigating officer at \$500 to the Chevrolet, \$500 to the Dodge and the Sanford vehicle as a total loss.

Garriga said Sanford will be tried Thursday in Mayor John Scalfidi's court on a charge of reckless driving and causing property damage.

HOSPITAL AUXILIARY APPROVES PURCHASE PRESSURE MACHINE

The purchase of a Bennett Positive Pressure Machine, was approved by Hancock General Hospital Ladies Auxiliary at the March 4 meeting.

The machine, used to provide a means of efficiently administering intermittent positive pressure breathing in cases of respiratory failure, was demonstrated by Tom O. Logue, hospital administrator.

It was announced the "Pink Ladies" will appear on TV Station WLOX, Biloxi, at 1 p. m. March 13. The panel will discuss various aspects of hospital volunteer work. Mrs. Andrew Ramage, service chairman, spoke on Teen Age volunteers in the hospital and stressed the fact that boys and girls, 14 through 18 years of age, would benefit by personal contact with such work as it would give them an opportunity to see if they might desire some type of a medical career.

In addition, she added, it would awaken in them a desire to be of service to their community and fellowman.

A group of interested young citizens accompanied Mrs. J. E. Erwin, Bay High Home Economics Teacher, to the membership tea Wednesday at the home of Mrs. J. A. Evans on North Beach Blvd.

A hospital auxiliary workshop will begin at 9 a. m. with a Dutch treat luncheon at 2 o'clock.

The sewing committee will meet in the future on the fourth Thursday of each month. Anyone interested can contact Mrs. Wallace Chevis at HO-7-7473.

WELFARE PAYMENTS SHOW DECREASE IN FEBRUARY

Commissioner Fred A. Ross said today the Department of Public Welfare assistance payments for February totaled \$3,909,296, a decrease of \$3,709 from January. Old age assistance and aid to the blind programs showed decreases in number of recipients while aid to dependent children and aid to the permanently and totally disabled showed slight increases. The overall net increase was 344 persons.

February figures showed an average monthly grant of \$33.32 was made to 77,286 aged people; \$3,262 blind people received average monthly grants of \$37.69; there were 63,243 dependent children who received an average of \$11.46; and 14,203 permanently and totally disabled received \$34.28 as average grants.

Private hospitals throughout Mississippi received \$125,425.30 in state and federal funds for 1,144 hospitalized old age assistance recipients. Each recipient is eligible for a maximum of 20 hospital days each year.

There were 717 children in foster boarding homes at a cost of \$27,950.29 paid from federal, state, and local funds. Most of these children are dependent or neglected.

The Community Program through the cooperation of County Boards of Supervisors with the Welfare Department distributed surplus food with an estimated value of \$2,104,164 to 349,984 needy persons. Counties have the option whether to distribute to welfare clients only or to other needy individuals and families.

KC FISH FRY

The Knights of Columbus will sponsor a fish fry beginning at 5 p. m. March 29 at the K. C. Hall, Main Street, for the benefit of the priest's education fund.

OLG PARENTS' CLUB TO PRESENT COMIC STYLE SHOW

Our Lady of the Gulf Parents' Club will hold a comic style show March 17 at St. Joseph's Academy auditorium, with Mrs. Harris Boudreaux as chairman.

Joseph Benvenuti and W. R. Johnson are in charge of tickets which are now on sale.

Mrs. Boudreaux is in need of talent participants who can render Irish ballads, she is asking anyone who is interested to contact her at HO-7-4974.

MANY HAVE FAILED TO APPLY FOR EXEMPTION

Tax Assessor George Heitzmann reported this week approximately 1500 property owners, eligible for homestead exemption, have failed to file to date.

The deadline for filing is April 1. Persons who built new homes before January 1, 1963, are eligible to file.

Mr. Heitzmann is reminding those who file that it is necessary to bring their motor vehicle license numbers.

HOSPITAL AUXILIARY TEA

Spring flowers decorated the home of Mrs. J. A. Evans for the Hancock General Hospital Auxiliary membership tea Wednesday afternoon.

The tea table covered with a lace cloth, was centered with an arrangement of pink carnations and snapdragons flanked by silver candelabra holding pale pink tapers.

Mesdames Wallace Chevis, T. P. Clapp, C. C. McDonald St. Marion Oiestad and Leo Seal poured and Mrs. Evans and Mrs. Ben Hillie, Auxiliary president, greeted the guests.

Mrs. Redo was a resident of Murphysboro, Ill. In addition to her son, she is survived by six sisters. Remains were shipped Monday by Riemann's Fahey-Whitfield Funeral Home to Murphysboro for burial.

NASA Contract Let For Design

ADDITIONAL OFFICERS FOR CANINE COLLEGE, INC.

Canine College, Inc., located at Waveland, has elected additional officers, besides those named recently in this paper. They are Mayor Billy Meadows, of Gulfport, Leonard Ladner, Clermont Harbor, and Mr. McCutcheon, Bay St. Louis.

Robert Jefferson, of New Orleans, who recently made an appeal to Canine College for assistance, will be given a Guide Dog by the Pilot Guide Foundation, of Chicago.

It has also been noted that the firm of International Business Machines, have informed Canine College that they plan to adapt their IBM machines so that the blind may be able to operate them. This will be quite a help to the blind seeking that type employment.

HANCOCK MEMBERS TO OBSERVE NATIONAL 4-H WEEK MARCH 2-9

Hancock County 4-H Club members will observe National 4-H Club Week, March 2-9. The youth are among 2,285,600 youth who belong to more than 94,700 clubs in urban, suburban and rural areas throughout the United States and Puerto Rico.

The State of Mississippi has 2,787 4-H Clubs. Hancock County has 21 4-H Clubs.

This year's 4-H Week observance has a number of local and national aims - among them: To focus on 1963's citizenship-in-action goals for members, to emphasize career exploration and the value of wise decision - making regarding vocational choices, influence more boys and girls 10 to 19 years of age to join or form 4-H Clubs, acquaint more parents with 4-H and seek their cooperation, encourage capable and youth-minded men and women to volunteer as local leaders, honor 4-H friends locally and nationally, and express appreciation for the important part they play.

In Washington, D. C., the Week will be highlighted by a team of 4-Hers representing members everywhere, who will give the annual "4-H Report to the Nation".

The report will review in story and pictures outstanding 4-H achievements and current projects. While in the Nation's Capital, the reporter delegates will visit the White House, meet members of Congress, high Government officials, and other national leaders.

After a short stay in Washington, they expect to go elsewhere for a few days to meet with other 4-H friends.

Assisting Club members with 4-H Week events in all States will be 307,750 men and women who serve as unpaid volunteer leaders, and guide 4-H work in local communities across the country.

FINAL DECREE

Chancellor William G. Hewes handed down a final decree in the following styled case last week: Gloria Gardner vs Ted Gardner. The term of Chancery Court adjourned Friday until the June term.

Mrs. C. B. Mollere is shown giving deed to Bert Stiefel, president of the Jaycees for two lots in Waveland, Highlands, off Waveland Avenue which were purchased and are to be used in a fund raising project by the local Jaycees.

GAINESVILLE, Miss. - The Mobile District of the U. S. Army Corps of Engineers has awarded a \$2,850,000 architect-engineering contract to the firm of Severdrip & Parcel and Associates, Inc., St. Louis, Mo., for the design of the Saturn V lunar rocket test complex at the NASA-Marshall Flight Center's Mississippi Test Operations here.

The contract calls for design of four ground test positions and supporting facilities. The Army Engineers are supervising the work for the Marshall Center, Huntsville, Ala.

When development is completed, Mississippi Test Operations will be one of the vital ground facilities supporting this nation's manned lunar landing program. Rocket stages assembled at Michoud Operations in New Orleans, La., and Seal Beach, Calif., will be ground tested at MTO before being shipped to Cape Canaveral, Fla., for launching.

The contract with Severdrip and Parcel calls for design of the following facilities:

1. A dual position stand for testing the 7.5 million pound thrust S-IC booster, and a test control center.
2. Two Saturn S-II second stage test stands with test control center.
3. Data acquisition and data handling center.
4. A central control center to serve the entire area.
5. Canals running adjacent to the test stands back to the main canal system of the complex, handling docks for fuel and oxidizer, industrial water distribution, utilities, roadways, and a fire extinguishing system.

The contract calls for design work to be finished in one year. The design will be completed in increments, however, so that construction of facilities can be started prior to the completion of design.

GAINESVILLE, MISS. - The Army Transportation Corps, has loaned 20 sea-going barges to NASA for use in the space agency's rocket development program.

Eight barges are supposed to leave Charleston, S. C. soon for New Orleans where they will be docked at Army facilities.

The barges are being transported "piggy back" style. The barges are of all steel construction and are about 120 feet long. They will be used initially to haul materials to NASA's Mississippi Test Operations in Hancock County, Miss.

Water, liquid oxygen and liquid hydrogen tanks will be mounted on the barges for fueling Saturn S-IC boosters for static firing at MTO.

The propellants will be bailed short distances from tanks to the Mississippi Test area.

The barges have built-in strength to accommodate the tanks. Each vessel will be capable of handling 93,000 gallons of liquid oxygen or 200,000 gallons of liquid hydrogen. After the tanks are mounted on the barges, they will be parked in the test area's inland waterway.

GAINESVILLE, MISS. - A group of about 30 officials from Hancock and Harrison Counties, Miss., will visit the NASA Marshall Space Flight Center in Huntsville, Ala., Friday, March 8.

The group will be made up of county-city officials, business and civic leaders from the two Mississippi Gulf Coast counties.

While at Huntsville, the group will tour rocket-making facilities, be briefed on Marshall's space programs, meet with Huntsville city and county officials and view a static firing of a Saturn booster. The booster that will be fired Friday is the fifth flight Saturn booster. The firing will be a full duration of about 120 seconds. Similar tests will be conducted at Mississippi Test Operations when the test center's development is completed.

Mississippi Test Operations, a division of the Marshall Center, will be the testing site for NASA's large space vehicle stages. It is expected to be operational in 1965 after some \$200 million worth of construction.

The Harrison-Hancock group will leave Gulfport by plane at 8 a. m. Friday and return after the Saturn firing late Friday afternoon.

PRESBYTERIANS TO HOLD LENTEN VESPER SERVICES

Due to the interest shown during the community inspirational services held recently the Presbyterian Church will sponsor a series of pre-Easter vesper services at 5:00 o'clock p. m. each Sunday during lent. A guest pastor will fill the pulpit each Sunday evening. March 10th, the speaker will be Robert T. Coit of the First Presbyterian Church, Long Beach. On March 17th, Rev. Chas. Johnson of Christ Episcopal Church, Bay St. Louis, will be speaker. On March 24th the speaker will be Rev. Frank Brooks of Bayou View Presbyterian Church, Gulfport, and on March 31st, Rev. R. L. Summers, First Presbyterian Church, Gulfport, will fill the pulpit. Rev. E. A. Lindsey of the Bay St. Louis Presbyterian Church will speak at the Palm Sunday evening service, April 7th. All denominations are invited to attend.

ONE ARRESTED AS AGENTS HIT STILL OPERATION

An illegal alcohol distillery operation valued at around \$1,200 was destroyed Wednesday afternoon by four agents of the Gulfport office of the Treasury Department's alcohol and tobacco tax division.

The still was located about a mile southeast of Kiln in Hancock County and arrested in connection with the case was 25-year-old Jimmy Dale Cuevas of Rt. 1, Box 141, Pass Christian.

Cuevas is scheduled to appear before the U. S. Commissioner in Biloxi. Destroyed were one 165-gallon capacity drum pot still, one 55-gallon of sugar-mixed grain mash and 148 gallons of clear distilled spirits in unstamped containers.

Cuevas fled as agents approached the operation but was later apprehended by agent George E. Langton following a chase. Agents' classed the operation as average.

NEW PHYSICIAN MOVES HERE

A new physician, Dr. J. B. Levens Jr., has moved to Bay St. Louis.

"BUCKY" MOORE ANNOUNCES FOR PUBLIC SERVICE

This is to announce my candidacy for re-election for Public Service Commissioner of the Southern District. In seeking re-election to the post which I have held for 8 years, let me cite some of the major accomplishments of the Commission. During my two terms there has been no major rate increase by

any utility. More than twelve and one half million dollars from telephone companies have been refunded to you by check. More than six million dollars have been refunded to gas customers.

One of my chief projects has been to extend telephone service to farms and the rural areas. 187, 476 new telephones have been installed in the state of Mississippi during my term. 82,272 of these have been on farms and in the rural areas.

My record is my platform. I have now participated in more than 4,500 cases as your Commissioner of the Southern District. I feel that this experience is extremely valuable. In every instance I have tried to consider the best interest of the public. I am therefore asking you to re-elect me to this office. To the very best of my ability I will approach every problem with fairness to all.

Kantcha Ketchum

Rather hard to keep writing this column each week when the weather keeps on the changing side. Fishing is on the up and down grade. For instance, salt water fishing is rather on the standstill while the fresh water fishing was improving until the rains of Tuesday set it back a little. The water in the bayous was clearing in the heads, but now we can look for some bad water for a little while. Of course local rains don't do as much damage. Without any more rains the water in the bayous and main streams should clear up rapidly.

CAIRO - The Red Sea is the saltiest of the world's seas with a salt content as high as 42 parts per thousand. Should be a haven for speckles and red fish, etc.

Polymnia and St. Charles, La., in New Orleans is a famous spot for the Dan Haggerty's and 11 children each, Mardi-Gras Day. It is a meeting place for their relatives and friends, and the old truck parked each year at this spot furnishes food, shelter and what have you. Had a good time Dan.

Haven't had any reports on catches of soft shell crabs as yet, but now is the time. When the weather settles this sport will come into its own. Keep an eye out for the lights on the beach.

Was informed that some frogs have made their appearance. A few were caught the other night. It's a lot of fun catching them and frog legs are a delicacy, hard to beat when it comes to eating them. A sig and head light is all that is needed.

Got a few pointers in golf while watching players in the New Orleans Open Golf Tournament over the weekend. Bo Winger was the winner of the tourney taking \$6,400.00 as his part. Must be a pleasure to play golf and win money too!

Three and one-half year old Tommy Schroeder of Lombard, Illinois is the 1962 National Easter Seal Poster Child for the National Society for Crippled Children and Adults. His picture will be featured in advertisements and posters on television, and in newspapers and magazines during the annual Easter Seal Appeal, March 7 to April 14. Born with a crippling condition, he was unable to sit up, but today, after receiving Easter Seal medical care and treatment services, he is able to walk with braces and crutches.

Millions Spent On 'phone Expansion

Southern Bell Telephone Company today reported a record-breaking expenditure of \$347 million in 1962 for expanded and improved facilities in the nine-state region it serves. Highest previous expenditure was \$320 million in 1960.

In the firm's 1962 Annual Report released today, President Ben S. Gilmer revealed that the company's growth continues to be faster than the national rate of telephone growth, as it has been for the past 10 years.

"We have confidence in the region and the people in it," said Mr. Gilmer. Evidence of this was our expenditure of \$347 million in 1962.

"This in itself was a tremendous stimulant to the region's economy, as was our \$350 million payroll and the \$224 million in tax payments which helped to support schools, building programs, national defense and other government services," said Mr. Gilmer.

In addition to the \$224 million in tax payments by the Company, Southern Bell customers paid \$82 million in Federal excise taxes on telephone service. The telephone service remains the only household utility with such a tax, the report stated, despite efforts to repeal a part or all of the Federal excise tax.

Total taxes from telephone service in 1962 averaged \$3.28 per telephone per month.

Southern Bell, with 64,000 employees, serve Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee. In addition to Bay St. Louis it serves 198 exchanges in Mississippi.

The Annual Report was released here by Manager J. C. Dabney.

At the end of 1962, Southern Bell's total investment in plant at original cost, exceeded \$3 billion.

"To move steadily forward in serving new customers and to make our service even better required considerably more investment," said Mr. Gilmer. "And the money we need must come from people who are willing to continue risking their money in building this enterprise."

Earnings per share in 1962 were \$2.07 compared with \$1.95 in 1961. While this was a moderate increase, Mr. Gilmer, stated, "we must continue to strive to improve these earnings to be in a position to build boldly for the future."

In December, the Company installed its eight millionth telephone, less than 10 years after the four millionth telephone was installed. There was an increase of 408,000 telephones in 1962.

"This underscores the rapid economic growth in the South, and the tremendous expansion of our services to meet this growth over the past decade," said Mr. Gilmer.

The Report cited the outstanding teamwork among Southern Bell and other Bell system people in 1962 during the Cuban crisis. Bell system people began working night and day to fill the additional communications needs of

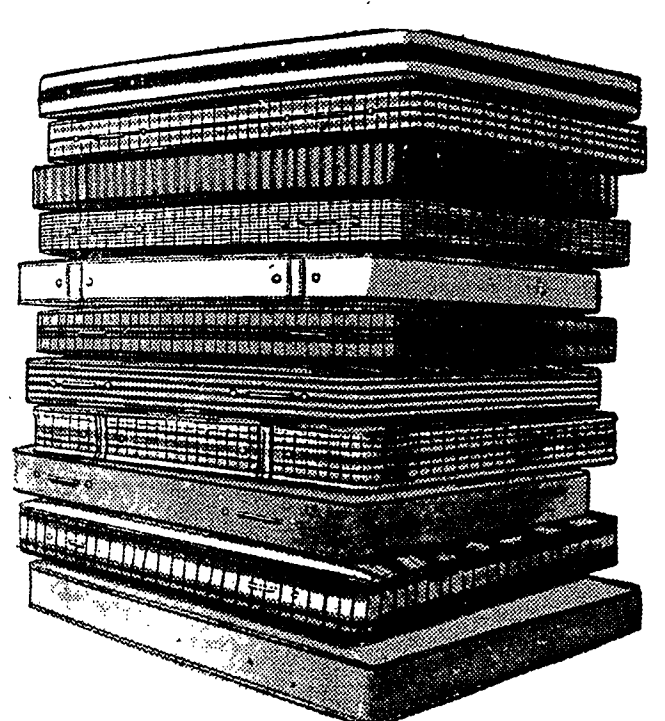

A radical departure in Easter Seal designs was revealed by the Mississippi Easter Seal Society. Don Morris, Area Director of the Don Morris Company, Chicago, designed the Easter Seal as miniature posters carrying the message of the struggle of crippled youngsters to overcome their handicaps.

During the campaign, March 7 to April 14, Easter Seals will go to more than forty million American homes.

Sheets of Easter Seals will help raise funds to finance direct services for a quarter million crippled children and handicapped adults at Easter Seal Centers in all parts of the nation.

Each year cancer costs the national economy nearly 50,000 man-years of productivity. The American Cancer Society explains that cancer also costs American business and industry the loss of valuable executives at the peak of their efficiency and of trained workers at the height of their productivity. The dollar loss is incalculable. Help cut down this tragic loss. Support the American Cancer Society's 1963 Crusade.

Some green trout were caught over the weekend. Nolan Ladner, game warden and August Rauek caught some green trout on the Famous Hilderbrandt's "Snagless Sally" baits. These baits have proven most effective for casting and trolling. The fish seem to like them and you will like 'em too.

It's interesting to listen to Raoul Telhiard tell about the large sea turtles he used to catch while working on the railroad bridge. These turtles are not as plentiful as they used to be. They are an excellent seafood and when cooked with spaghetti is hard to beat. There are other turtles just as good for eating such as the soft-shell turtle, the diamond back Terrapin and the snapping turtle (alligator Terrapin) caught on trotlines, while still fishing, and occasionally taken in traps. Beware of most turtles as they are of the snapping kind and bite anything that comes their way.

140 POUND PERCH MAY BE EXHIBITED

ABERCORN - A perch weighing 140 pounds, believed to be the record for Lake Tananganyika, has been netted here.

It has been deep frozen, and will be flown to Salisbury for preservation. It is expected that the fish will be exhibited at the next Rand Easter Show.

The largest perch to be caught on rod and line so far have weighed about 100 pounds.

The above item was taken from the Times-Picayune and sent in by sister of Nolan Ladner, Wimpine, warden, who says I wonder if my brother would permit one like this to be caught? He would love to catch it himself, I believe.

Mrs. Wimpine also says I enjoy reading the Eagle each week and especially Kantcha Ketchum column. Thanks.

DETROIT - A large pulpwood firm is supplying Michigan tree farms with hothorns, dogwoods, wild cherries and other bird bringing trees to plant among reforested red pine trees, which offer little food for wildlife.

"That is something for the birds," Wish we had such trees to furnish food for quail. Maybe they would be more plentiful?

We read this the other day. If you want to be happy for a day, get drunk.

If you want to be happy for a week - get married!

If you want to be happy forever - be an angler and go fishing!

Met a bunch of happy people having a good time at Mardi-Gras in New Orleans. They were Mr. and Mrs. Fred Sullivan, Hazel Hopper, Jeanette Murphy, Alfred Dugan of Bangot, Maine and John and Marilyn Marray of St. Petersburg, Fla. They like any kind of sports as long as they are enjoying themselves.

This Saturday closes the racing season in New Orleans. Local fans will probably be on hand to see them run for the last time this year.

Luke Elliott, David and Jack Sibley with Nino Enterante and yours truly had a nice fresh water trip to Del Almonds on the opposite side of the river from New Orleans last Saturday, a nice bunch of green trout and perch were caught. The fish were caught on surface baits.

APPLICATIONS FOR SELECTIVE SERVICE TEST AVAILABLE

Applications for the Selective Service College Qualification Test to be given on April 18 are now available to college students at the Selective Service local boards throughout Mississippi. Colonel C. S. Sanders, Jr., State Director of Selective Service for Mississippi, announced today.

The test will be given at more than 500 colleges in all 50 states, Puerto Rico, and the Canal Zone. In Mississippi, the test will be offered at the following schools: Delta State College, Cleveland; Jones County Junior College, El Dorado; University of Southern Mississippi, Hattiesburg; Jackson State College, Jackson; Millsaps College, Jackson; Meridian Municipal Junior College, Meridian; Mississippi State University, State College; University of Mississippi, University.

College students may obtain full information about the test from any Selective Service local board. In the Senior colleges, a representative of Selective Service is on campus one day each month, and this representative will have full information about the test.

Scores made on the test will provide local boards with evidence of aptitude for continued undergraduate and graduate study. The scores will not of themselves determine eligibility for deferment, but are considered with other information by the boards in determining whether to defer individual registrants for further study.

Applications for the test must be postmarked not later than midnight.

The test, used since 1951 to aid local boards in determining questions of student deferment, is administered by the Science Research Associates, of McHenry, Illinois.

To be eligible to take the test, the applicant must be satisfactorily pursuing a full-time college course, undergraduate or graduate, leading to a degree. He need not be a student of a 4-year college, but his entire course of study must be satisfactory for transfer of credits to a degree-granting institution.

The applicant must be a Selective Service registrant who intends to seek deferment as a student. He can take the test only once.

"At the present time, Mississippi local boards reach men for induction at about age 23 1/2," Colonel Sanders said. "Students generally can finish their undergraduate studies at that age. But those hoping to continue studies in graduate school, for example, will need a deferment to do so. It is impossible to foresee emergencies which require a build-up of military forces. Such a build up could lower the age at which local boards reach men for induction. In such an event, a deferment might be necessary to finish undergraduate work."

In either case, the State Director pointed out, a test score in the file will give the local board an additional piece of important information to use in determining whether a registrant is eligible for a student deferment.

SJA SPANISH STUDENTS GUESTS AT N. O. CARNIVAL

St. Joseph Academy Spanish boarding students were guests of the City of New Orleans last Sunday and viewed parades from the stand in front of City Hall.

It was their first time to see a carnival in New Orleans, and they reported being treated royally and having a wonderful time.

More men than women died of cancer last year, according to the American Cancer Society. This has been true since 1949. The rate in 1963 will be about 54 men to 46 women. Support the 1963 Crusade of the American Cancer Society.

What's Inside?

WHAT MAGIC INGREDIENTS DO THESE BOTTLES CONTAIN? Do they hold harmful, injurious poisons? Or are they filled with healing medicines and vitamins? Will they inflict pain, or will they cure disease?

But what does it matter? If the contents are bad, we can pour them out.

But the minds of children are an entirely different matter. A small human being can be filled with selfishness and hate, or he can be filled with sincerity and love. Unfortunately, evil is more quickly dispelled from a glass bottle than from the soul of a child. For in the human mind bad thoughts can grow, and as time goes on, it is more difficult to replace them with truth and love.

That is why it is so important to instill within our children a sense of right and wrong at an early age. Of course, by example, "you" can be a tremendous influence. But you need the help of your church—the wisdom of Christ's teachings. With them, you can fill your heart with the essential ingredients for a happy and fruitful life.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MSU PRESIDENT OKAYS STATES ENTRY NCAA CHAMPIONSHIP

This statement is the result of my best effort to do my duty, as I see it, toward the students and faculty of Mississippi State University, its alumni and friends, and the people of Mississippi. What ever shortcomings it reveals are failures in capacity or judgement. They may not rightly be described to failure in desire to do the right thing.

There is obscurity about the "unwritten law." Some say it is one thing, some, another. And still others aver that it does not exist. Be as it may, it is certain that there is precedent for the President of Mississippi State University to act in the matter of participation in the NCAA basketball championship competition. Under that precedent, I am acting with the full knowledge of the President, the Executive Secretary, and the Chairman of the Athletics Committee of the Board of Trustees, State Institutions of Higher Learning, State of Mississippi.

The Athletics Committee of Mississippi State University, representing the faculty, alumni, and students, and the Athletic Director have recommended that our basketball team be allowed to compete in the NCAA play-offs. The student senate has passed unanimously a resolution in favor of playing. A petition signed by some 3,000 students, communications from interested alumni and friends of the institution, and resolutions from alumni chapters - all convey an overwhelming persuasion in favor of participating.

In answer to this manifestation of interest and in the light of my best judgement, it is my conclusion that as responsive members of the academic community and of the Southeastern Conference we have no choice other than to go. Accordingly, as President of Mississippi State University I have decided that unless hindered by competent authority I shall send our basketball team to the NCAA competition.

I arrive at this decision freely and independently. I make it public with highest respect for the Board of Trustees and deepest regard for the members of the Legislature. As one who has lived in the midst of Mississippians for less than three years, I am cognizant of the hazard of this action and am turns are due 3 1/2 months after the close of the taxable period. Corporation, partnership, and information returns are due and must be filed within 2 1/2 months after the end of the taxable period, fully reconciled to the possible consequences of it upon my professional career.

By Coach McCarthy and through my own personal knowledge of the players, I am firmly convinced that Mississippi State University and the State of Mississippi will have reason to be proud of their representation in this National competition, that these are splendid

young gentlemen as well as splendid athletes.

My conviction is that the well-trained young people of Mississippi can compete on a favorable basis, athletically and intellectually, with the best in other parts of the country and that our champions are entitled to the opportunity to compete. I am further convinced that the spirit of fair play on the part of all concerned at the scene of the NCAA play-offs will transcend whatever prejudice or bias may obtain and transmute all participants into their essential roles as champions competing for the crown.

My feeling and my faith are in the reception of our team, in recognition of their conduct and spirit, will serve to allay the concern of those who question the wisdom of the participation. My hope for the team is an enjoyable time, good, clean competition, and victory.

EARLY SPRING GRAZING

Want earlier and better spring grazing? Most of us are going to need it! The first and most important thing to do for earlier and better spring grazing is to fertilize the clover or legume areas with phosphate and potash.

A fair application is 300 pounds of 0-20-20 to the acre, but 400 pounds per is better.

Many times spring pastures come out late because the plant food is low. Nitrogenating clovers will not help much, but if there is ryegrass and fescue, go ahead and apply 60 pounds of nitrogen to the acre.

Any sod area that has been seeded with oats, ryegrass or wheat should be nitrogenated now. Old stands of fescue with or without clovers should be fertilized with 60 pounds of nitrogen to the acre.

SUBSTITUTED TRUSTEE'S NOTICE OF SALE

STATE OF MISSISSIPPI
COUNTY OF HANCOCK

WHEREAS, on May 14, 1962, Judson Benton and wife, Earnestine Benton, executed a deed of trust to Roland Maddox, trustee for U-Finish Homes, Inc., which deed of trust is recorded in Book 91, pages 84-85, Records of Mortgages and Deeds of Trust on Land of Hancock County, Mississippi; and

WHEREAS, U-Finish Homes, Inc., substituted in the place and stead of the aforementioned trustee, Michael D. Haas, by instrument dated January 4, 1963, and recorded in Book 94, at page 552, of the aforesaid records; and

WHEREAS, default having been made in the payment of the indebtedness secured by said deed of trust and U-Finish Homes, Inc., the holder of the note and deed of trust, having requested the undersigned Substituted Trustee so to do, I will on the 25th day of March, 1963, offer for sale and sell at public outcry to the highest bidder for cash during legal hours at the main front door of the Hancock County Courthouse at Bay St. Louis, Mississippi, the land situated in Hancock County, Mississippi, and described in said deed of trust as follows, to-wit:

Beginning at the NE corner of the SW 1/4 of NW 1/4 of NE 1/4 of Section 3, Township 7 South, Range 15 West; thence South 209 feet; thence West 209 feet; thence North 209 feet; thence East 209 feet to the place of beginning, containing one acre, more or less, and being a part of the SW 1/4 of NW 1/4 of NE 1/4 of Section 3, Township 7 South, Range 15 West, according to survey of L. W. Stockstill, Surveyor, dated April 3, 1961.

I will convey only such title as is vested in me as Substituted Trustee.

NOTICE OF TRUSTEE'S SALE

WHEREAS, on the 8th day of April, 1961, Albert C. Paulk and Jeannette P. Paulk executed a deed of trust to Lucien M. Gex, trustee, to secure an indebtedness therein mentioned to Delmar E. Wilcox, which deed of trust is recorded in Vol. 85, page 66, Records of Mortgages and Deeds of Trust on Land in Hancock County, Mississippi; and

WHEREAS, the said indebtedness so secured is past due and unpaid, and

WHEREAS, Delmar E. Wilcox, the holder of said indebtedness having requested me, the undersigned Trustee, to foreclose said deed of trust,

NOW THEREFORE, I will on Monday, March 11, 1963 between legal hours offer for sale and sell to the highest bidder for cash, in front of the front County Court House Door of Hancock County, Mississippi, the land situated in Hancock County, Mississippi, and described in said Deed of Trust as follows, to-wit:

FIRST: Beginning at the intersection of S. line of Railroad Ave., and W. line of Oak Street, which may be further described as the NE corner of Block 4, Clermont Harbor, Miss., thence running S. 20° E 55 feet along W. line of Oak St., to a corner fence post; thence running S. 70° W. along a fence line 107 feet more or less, to the W. line of Lot 4; thence running N. 20° W. 38 feet along the W. line of Lot 4 to an iron stake set on S. line of Railroad Avenue; thence running N. 58° 32' E. 103.5 feet, more or less, along the S. line of said Avenue, to the place of beginning. Being a part of Lots 1, 2, 3, and 4, Block 4, Clermont Harbor, Hancock County, Miss., as per the official plat of said Clermont Harbor made by John S. Pearce, Surveyor on May 31st, 1911.

Being the same land acquired by Albert Clifford Paulk and wife, Mrs. Jeannette Pickle Paulk by

deed dated March 3, 1958, recorded in Book L-5, page 148.

SECOND: And Lots 1 and 2 Block 2, Combs Subdivision of Lot 105 Second Ward, Town of Waveland, Hancock County, Mississippi.

The above second described property is subject to an indebtedness to the People Federal Building and Loan Association, originally in the principal amount of \$6,500.00 dated January 20th, 1960, and recorded in Book 78, page 455, Records of Mortgages and Deeds of Trust on Land in Hancock County, Mississippi.

HOME GARDENING

After a winter like this one, maybe you just don't believe that spring will ever get here. But it is just as sure to come as day is to follow night.

Right now is the time to get ready for that spring garden. If you did not get anything planted yet, there is still time for the early vegetables.

Spend some time getting your rows ready, your seed bought, your fertilizer applied.

Check with your county or home demonstration agent for the January and February issue of the Mississippi Garden, Fruit and Flower Guide.

LIVESTOCK

We don't have to tell you that feed is short and livestock are having a rough time of it.

But if lice are bothering them, they are having an even rougher time.

You cannot afford to waste already short feed by giving it to cattle lice. These blood sucking "varmints" weaken cattle, cause them to be unthrifty.

Control these cattle lice by proper use of agricultural chemicals. Check with your local county agent for the latest information on recommended control measures.

LEASE AGREEMENT

STATE OF MISSISSIPPI

COUNTY OF HANCOCK

This lease agreement made and entered into by and between Hancock County, through its County Superintendent of Education, with the approval of the Board of Supervisors of said County, hereinafter referred to for convenience as Lessee, Witnesseth:

Hancock County does hereby lease unto Lessee certain lands in Hancock County, Mississippi, as authorized by House Bill 63 of the Laws of Mississippi of 1948, said land being described as follows: Lot 14, Board of Supervisors, Sixteen Section, Subdivision No. 1.

Said lease to be for a term of 25 years at the amount of \$10.00 dollars per year, the first year's rental having been paid, the receipt of which is hereby acknowledged. The annual rental due to

be paid on the anniversary date hereof.

That in the event of the default of the payment of said tenant within sixty (60) days after due date, the County shall have immediate possession of said land, and Lessee shall vacate said premises, all without the necessity of legal process from any court.

It is agreed and understood that said land is hereby leased for agricultural purposes only, and Lessee shall remove and cut such trees only as are necessary for cultivation of said land, and for the planting of improvements on the land. No timber or trees shall be cut, however, until the said trees are designated and marked by the County Superintendent or his employees by and with the consent of the Board of Supervisors of the County.

Lessee shall pay all legal taxes assessed against his lease interest and improvements. Said land shall not be subleased by Lessee without the written consent of the Superintendent of Education and approved by the Board of Supervisors of the County.

The payment of said rental on said land shall be made at the office of the County Superintendent of Education and approved by the Board of Supervisors of the County.

The County reserves the right to lease said land for mineral purposes and Lessee shall recognize said lease, and Lessee shall permit the holder of said Mineral lease the right and enjoyment of the use of the said land for the development and production of therein or thereon. The County shall have the right to sell any and all timber on said land or lease same for turpentine purposes, and Lessee shall recognize said lease or sale, whether executed prior to this lease, and Lessee shall permit the lessors under said lease or leases the right to go on said land and to remove said timber and turpentine.

U.S. SAVINGS BONDS

Buy them where you work or bank

The Government is proud of the Savings Bonds it issues.

Social Security

The social security law was increased on January 1, 1963. This new rate affected nine out of every ten people who work.

Employees and their employers now pay 3 3/8 percent each and self-employed people will pay 5 1/2 percent. The maximum taxable earnings remain \$4800 for each person.

Social security taxes are credited to the old-age and survivors insurance, trust fund and the disability insurance trust fund, funds kept separate from all other government moneys.

By law, these funds can be used only to pay social security benefits and costs of administration.

Since the first social security taxes were withheld in January 1937, the original program has been enlarged by Congress to include benefits for wives and children of retired workers, for the survivors of deceased workers, and for several disabled workers and their dependents. Monthly benefit amounts have been raised so that they now range from \$40 to \$127, and for the family they may be as much as \$254. When these improvements were made, the law was amended to provide a schedule of increased contributions to cover the cost. The recent increase in your contribution is part of that schedule. The present law provides for two additional increases, one in 1968 and the other in 1969, bringing the maximum rate to 4 5/8 percent each for the employee and his employer and 6 9/16 percent for the self-employed. The scheduled contribution rates assure the continuing financial soundness of the social security program.

A do-it-yourself retirement plan that really works

Just a few pennies a day invested now in U.S. Savings Bonds can help you build security for the future.

Here's a retirement plan you can set up yourself, administer yourself with no fees or expenses, and go into with absolute confidence.

Start with Series E Bonds

You begin by buying E Bonds where you bank, or automatically on the Payroll Savings Plan where you work. When you hold them for 17 years, 9 months, you get almost double your money back—\$1.93 for every \$1 invested.

When you retire, you can exchange your E Bonds for H Bonds. H Bonds pay interest to you semi-annually in cash—at 3.75% when held to maturity. There's no charge for trading. And the interest you accumulated before the trade is not taxable until you cash in your H Bonds.

A riskless plan

A U.S. Savings Bonds retirement plan is completely without risk. Your money keeps on growing, guaranteed by the Government. You can get it anytime you want—with interest. And if your Bonds are ever lost or destroyed, the Treasury replaces them free.

Why not look into this plan today?

HOME AGENT'S NOTES

MARCIA P. HUGHES

Home Demonstration Agent

It seems that a lot of your money goes for food, doesn't it? But compared to other countries, we spend less of our income for food than most any other country. Last year the people in the United States spent an average of 19 percent of their take-home pay for food. This is a decrease of 5 percent from 24 percent in 1951.

Look at some figures for other countries: in England and France 30 percent of take-home pay goes for food, Japan 42 percent. West Germany 45 percent and Russia 56 percent.

COLD DAMAGED SHRUBS

Wait until late spring to cut back shrubs that seem to be severely damaged or killed from freezes. In the late spring, cut them back to live wood. A plant that is still alive should bud out in late spring. You won't find any green beneath the bark of a dead plant.

WISE MEAT BUYING

The key to wise meat buying from a cost standpoint is: cost per serving, not cost per pound. You pay the same per pound for the bone, excess fat and other waste you throw away as you do for the part you eat.

Look for the cuts that have the least waste. Sometimes the highest priced items may actually be cheaper than the low cost bargain. Keep in mind too how you plan to use the meat and the method you will use in cooking.

about half of your salary. The other half will go for transportation, lunches, clothes, child care taxes and such things.

This estimate is based on a search of family economists of the USDA's Agricultural Research Service.

The average net for women with older children was about 60 percent according to this survey.

About 40 percent of the gross earnings of all the working women in the survey was spent on job related expenses. The expenses included higher family income taxes brought about by the wife's earnings.

U.S.S. HORNET (CVA-12)

BEARING ONE OF THE MOST DISTINGUISHED NAMES IN AMERICAN NAVAL HISTORY, THE PRESENT HORNET IS THE EIGHTH SHIP TO CARRY THIS PROUD TITLE. FROM THE FIRST HORNET, A SLOOP-OF-WAR COMMISSIONED IN 1775, TO THE PRESENT CANTED-DECK CARRIER, THE NAME HAS LIVED IN GLORY. THE SEVENTH HORNET, WAS JIMMIE DOOLITTLE'S "SHANGRI LA" IN HIS FAMOUS TOKYO RAID IN 1942, AND WAS LOST IN A BLAZE OF GLORY IN THE BATTLE OF SANTA CRUZ ISLAND. THE PRESENT HORNET, RETIRED AFTER WORLD WAR II, WAS REBUILT AND RECOMMISSIONED IN 1953 AS A MODERN, JET CARRIER.

CARD OF THANKS
We wish to express our everlasting gratitude for the kindness and sympathy extended to us at the time of our great loss in the death of our wife and mother, Mrs. Verina M. Bennett.

Special thanks to Rev. Dennis Harlow, Rev. Hayes, Pearlring, and the Riemann-Fahey-Whitfield Funeral Home.

JESSE BENNETT FAMILY

LAKESHORE AND CLERMONT HARBOR NEWS

By Aline (Pee Wee) Courage HO-7-5806

Deepest sympathy is extended this week to Mr. Jesse Bennett and family, as Mr. Bennett's wife, Mrs. Verina Moran Bennett died February 28.

Services were held at the St. John's Catholic Church with interment in the Lakeshore Cemetery Sunday evening, March 3.

Mr. and Mrs. Robert Peterson of New Orleans spent this weekend with Mrs. Ben Peterson of Clermont Harbor.

Get well wishes are extended to Gann Smith, who was hospitalized Sunday morning to Mrs. Mae Courge, Mrs. Leona Green, and Miss Camille Ladner who have been on the sick list.

I am sure this is not all the people who are under the weather as the "bug" has really hit this part of the country, but haven't been around too much this week so don't know much of what's going on. So if I've skipped anyone, it's not on purpose, and to whom it may concern I wish you all a very speedy recovery.

Mr. and Mrs. Howard Franks of New Orleans spent this weekend visiting with Mr. and Mrs. R. S. Proctor of Clermont Harbor.

The adults of the Clermont-Lakeshore Youth Center held a meeting March 2 at the Center.

The main discussion at the meeting was to help make the Center a better place for the teenagers to attend by having different games and other activities rather than just dancing. They also decided upon a pool tournament, which is to begin this Saturday night.

Very happy birthday wishes are extended this week to Mrs. Elizabeth (Big Mama) Courge, who celebrated her 98th birthday on March 1.

Visiting Mr. and Mrs. Forrest Ladner this past Sunday were Mrs. Ladner's mother, Mrs. Alfred Bourgeois, and brother and sister-in-law, Mr. and Mrs. Morris Bourgeois of New Orleans.

Mr. and Mrs. C. M. Jackson and children of New Orleans spent this weekend with Mrs. Elizabeth Courge and Bernard Courge of Lakeshore. Also visiting them were Mr. and Mrs. George Courge of New Orleans.

A benefit dinner was given at the Clermont-Lakeshore Youth Center Sunday, March 3. The purpose of the benefit was

to raise funds to help keep the Catholic bus running, which brings children from Pearlring to Bay St. Louis to attend Our Lady of the Gulf School.

It was reported to be a real success, and they wish to thank the many people who attended.

Western Dance at Clermont-Lakeshore Youth Center, Saturday, March 6, starting at 8 p. m. to 12.

Mr. Jamie Tamplin motored home from Keesler Air Force Base to spend the weekend with Mrs. Lorena Bowman and Mrs. Easter White of Lakeshore. Also Mr. Cornelious White, who has been hospitalized for sometime as he had his foot amputated, came home to spend this weekend with his mother, Mrs. White.

Congratulations to Mr. and Mrs. Emmett Lusich, upon the arrival of a daughter, Desiree Ann, born February 26, and to Mr. and Mrs. Lee Klein with the arrival of a son, born March 5.

Spending the weekend in their summer home in Clermont Harbor were Mr. and Mrs. Joe Lohmann of New Orleans.

Mr. and Mrs. T. D. Johnson and children of New Orleans spent this past Sunday with Mrs. Eva Garcia of Clermont Harbor.

Last but not least I wish to extend congratulations to the Gulfview Riding Arena, who under the direction of Oris Ladner won first place in the drill teams at the Carnival Parades this past week.

Oh, Yes, we would also like to mention the arrival of a new member to the Necaise animal family. Bobby's mare had the cutest little colt. It was born early Tuesday morning.

A wide-eyed Connie Francis is caught between Paul Maxwell (left) and Roger Perry in a comedy moment of Metro-Goldwyn-Mayer's happy story of gobs and gals, "Follow the Boys." Others in an all-star cast are Paula Prentiss, Ron Randell, Russ Tamblyn, Janis Paige, Danny Robin and Richard Long. The film is in color. Starts Saturday at the SAND Theatre.

Sullivan For Gov.

For some time it has been generally known that I will be a candidate for governor in the August Mississippi Democratic primary. Today, I formally announce my intention to seek the nomination, and solicit the support of every Mississippian who believes the chief executive of our state should be honest, conservative, forthright and consistent in his attitude toward the conduct of our government.

My campaign shall be based upon a positive approach to the problems which will determine the progress to be achieved under the next administration. It will be completely void of the hypocrisy which has become traditional in the Mississippi gubernatorial campaigns. On the contrary, I shall take a position, directly and without equivocation, upon every issue or question that may arise regardless of the popularity or lack of it of such a position. Political commitments will not be made to attract financial assistance or the support of particular individuals or groups so that when elected, we can, unencumbered by political obligations, administer the duties of the office impartially, efficiently and with complete integrity.

Economic, educational, social and political progress, unparalleled in our history can be achieved through the dedicated efforts of a positive aggressive administration which recognizes Mississippi has not even begun to realize its potential and which is not content with the stagnation of simply maintaining that which we now have.

While the position I advocated on some major questions in 1959 has now become legal reality, others remain critical issues. My position on such questions will be precisely the same. All of us who seek this office must accept political responsibility for our conduct of the past. I do so gladly. Perhaps the single most significant issue of the campaign will be the question of Mississippi's relationship to the Federal Government, which includes, among other things, separation of races. It is imperative that the next governor be a man who has consistently and uncompromisingly resisted encroachment of Mississippi's sovereignty, principles and traditions by the national government.

One single dramatic act of defiance, committed after resistance was unquestionably politically expedient and, in fact without any choice under the circumstances then existing will not suffice. One act of resistance, or subsequent condemnation of national political figures or abrupt changes of party affiliation does not qualify for the governorship individuals who have favored with their open support, or quiet ballot, such advocates of federal domination as Harry Truman, Adlai Stevenson and John Kennedy.

Probably the second most im-

important problem to confront the next administration will be the financial condition of the state. Apparently, a \$40 million deficit will occur if present expenditures legally provided are continued without new revenue. I have always maintained that fiscal responsibility is an absolute prerequisite of stable and progressive government, state or national. We cannot spend more than our income and avoid inevitable economic disaster. In this campaign individuals will not be permitted to capitalize politically on this issue while seeking the highest office when in the one they now occupy they are directly and undeniably responsible for the problem which exists.

My platform will specifically outline the programs and objectives essential to realization of the growth and progress which I earnestly covet for Mississippi.

My campaign will be very similar to the one conducted in 1959, in which the most gratifying aspect of that effort was that it proved the people of Mississippi will respond to a political campaign of openness and forthrightness, based on sincere conviction of principle.

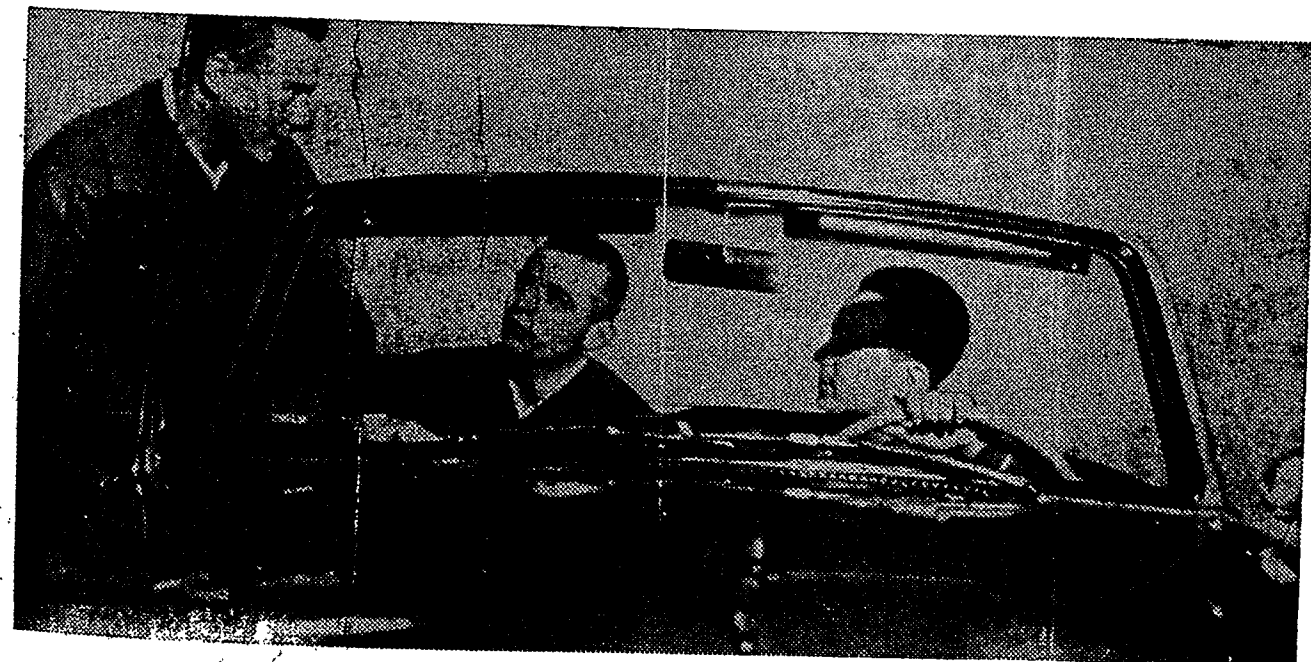

I am deeply grateful for the support of the 131,000 Mississippians who in 1959 evidenced their agreement with such a philosophy at the ballot box. They have not changed in their approval of such a person seeking public office. I have not changed.

Unfortunately, due to the brief duration of that campaign, I did not then know and have not since become acquainted with the great majority of these people. I sincerely urge everyone who participated then and wishes to support such a campaign now to contact us. I begin this campaign with the knowledge that the political principles and philosophy of government I have always maintained and in which I still firmly believe, will, more than any other, assure a truly great Mississippi; and with faith that through the support of all Mississippians who sincerely concur in such ideals - I will be successful.

Of every six persons who get cancer today, two will be saved and four will die, according to the American Cancer Society. Numbers 1 and 2 will be saved. Number 3 will die but might have been saved had proper treatment been received earlier. Numbers 4, 5 and 6 will die of cancers which cannot yet be controlled; only the results of research can save these patients. Support the American Cancer Society's 1963 Cancer Crusade.

Operation Buddy!

Now join the National Guard with your buddies and train and serve together for your whole hitch. . . Here's a chance to fulfill your military obligation with the guys you grew up with. Just get together with your buddies and take a trip down to the local National Guard armory. By signing up with the armory, you can all take six months of training at the same army camp, return home together to the same National Guard unit, serve out your "ready reserve" time by drilling together one night a week and going to summer camp together. But do it now, because new regulations limit the number of men your local National Guard unit can sign up.

Now join the National Guard with your buddies and train and serve together for your whole hitch. . . Here's a chance to fulfill your military obligation with the guys you grew up with. Just get together with your buddies and take a trip down to the local National Guard armory. By signing up with the armory, you can all take six months of training at the same army camp, return home together to the same National Guard unit, serve out your "ready reserve" time by drilling together one night a week and going to summer camp together. But do it now, because new regulations limit the number of men your local National Guard unit can sign up.
